

# Alcohol and Smoking Policy

Our club supports the responsible consumption of alcohol and will take steps to prevent, mitigate and address any inappropriate behaviour at our club.

## Club Principles

All junior matches played at Uraidla are alcohol free events.

Netball courts are designated alcohol and smoke free areas during competition hours.

Any person suspected of being adversely affected by alcohol, will not be permitted to play, train coach or umpire. Any person not behaving appropriately will be required to leave.

Alcohol will not be used as player awards or volunteer incentives but may form part of fundraising packages or gifts arranged on behalf of the club.

Our functions, events or promotions will not encourage excessive alcohol consumption. Free drinking water will remain available at all times.

## Appropriate Club Behaviour

Drink responsibly and do not encourage others to drink alcohol excessively.

Respect our club principles and follow any reasonable instruction from our club officials that would help to maintain effective application of our club principles.
